My only edits at this time are just that , editorial and if I thought we had more time I would provide you a mark up. These are mostly things like use of words like much and thoroughly.

Ex. 5 - Deliberative Process

So if you have time, edit for that, but if you don't let's get it up to Shaun and let him know we are going to carefully consider our words when speaking with OMB.

Thanks Mike.

I accepted your additional comment and made a couple of minor edits myself.

Martin, can you review and send on to Shaun when you are done?

I will then send on to OAR and Mike K when I hear that Shaun is okay.

Thanks

Thanks, Claudia –

I had one idea for an additional sentence in the alternatives section. Please see if you think it looks useful.

Attached is the latest version of the talking points paper that incorporates comments from Chris Stoneman and Rick Vetter. Carl will be sending a “final” version to Mike Koerber later today.

Thanks,

Claudia

Subject: Called Mike Koerber and Left Message

I left a long message with Mike Koerber (OAQPS) regarding the U&O FIP OMB call and told him that we can talk tomorrow before the call with OMB.

Claudia will be sending me the most revised version on the talking point paper soon, which I will review and send on to Martin later this afternoon. Martin, I assume you will then send on to Shaun. I can hold off sending it to Mike K and OAR/OAQPS staff until I hear back that you and Shaun are okay with the paper, hopefully later this afternoon as OAR wanted the paper today.

Thanks
